A THOUGHTFULLY DESIGNED
BESPOKE SHAKER KITCHEN,
INTELLIGENTLY PLANNED TO
MAXIMISE SPACE AND EFFICIENCY.

THE BRIEF

The primary objective for this project was to integrate a full suite of modern essentials into a streamlined, high-efficiency layout. By centralising the sink, dishwasher, and bins within a peninsula, the perimeter walls were opened up to house other options. To maintain a minimalist, clutter-free environment, the design includes a dedicated hidden appliance cupboard for the toaster and daily essentials.

SCOPE OF WORK

Complete kitchen design, layout, and bespoke joinery drawings. Cabinetry manufacture and hand-finished installation by John Flavin. Blanco Stellar Quartz worktops supplied by Elm Fireplaces.

SOFT NEUTRAL TONES AND LUMINOUS
QUARTZ SURFACES CREATE A
HARMONIOUS FLOW THAT
MAXIMISES THE SENSE OF LIGHT AND
SPACE. THIS THOUGHTFUL COMBINA-
TION EVOKES A FEELING OF CALM AND
COHESION,
MAKING THE KITCHEN FEEL LIKE A
SEAMLESS, INTENTIONAL EXTENSION
OF THE HOME.
